Defect ID: 102

Title: Lazy Loading – page name on nav bar shows internal values

Reported by: Ajith Lal

Defect Priority: Low

Defect Severity: Minor

Description:

On the page navigator links, instead of the page names , internal values are some time observed

Steps to Reproduce:

1. User login the application
2. Navigate to Topic Module
3. Observe that some time instead of Topic Detail View – BREADCRUMP_TOPICDETAIL is displayed.

Expected Result:

User should not be facing the internal values on ui elements and links

Actual Result:

Internal values of page links are observed on topic detail view
